Decatur, Texas

Professional Bio

I bring a rare and powerful blend of corporate leadership and ministry calling to every assignment. With an extensive background in business ownership and serving as a CEO, I worked my way up through every aspect of business operations, gaining hands-on knowledge and strategic insight along the way. But beyond the boardroom, my deepest passion is for the ministry of LIFE.

Rooted in my personal testimony involving both adoption and abortion, and fueled by a clear calling from the Lord, I believe that everything He has sown into me has been for such a time as this. My work in the pro-life movement is not just a profession—it's a cause I pursue with all my heart, energy, and talent.

Consultation Offerings/Topics

1. Concierge Consulting - When consulting I look at 8 wholistic and defined aspects of your ministry in order to help set your organization up for its greatest effectiveness...Legal/Structural, Financial/Development, Services, Leadership/Organizational, Marketing/Branding, HR, Spiritual, and Growth/Change Management Potential.
2. Strategic Planning, Board Training, and Vision Casting integrated or as stand-alone offerings
3. Organizational Distress Management or Change - when immediate intercession is needed and tough calls must be made
4. Turnaround CEO in the most advanced organizational distress situations
5. Extended Executive Coaching or Team Coaching post-consultation toward the goal of implementation and achieving the highest possible effectiveness of your investment.

From Connie:

I gather as much information from your organization as possible prior to coming onsite. This time is dedicated to praying through what I am seeing, asking for the Lord's guidance and Holy Spirit insight and revelation. The ability to see the intricate connections between different aspects of the ministry that are cause/effect where it might not have been obvious. To bring clarity, unity, and excitement to your leadership. My personal purpose is to IGNITE MORE in those I work with or am in contact with.
