## **From Lori:**

My focus is helping identify and operationalize God's unique calling and gifting for each center (and each person called to work there). I love the work God does through pregnancy centers! Each one is unique in their calling and location, and it is a joy to watch their vision come to life and see the fruit of their work in the many lives served.

Proverbs 3:5-6 Trust in the Lord with all your heart, and lean not on your own understanding. In all your ways acknowledge Him, and He will make your paths straight.
