Intentional Onboarding for New Board Members: Equipping Your Board of Directors for Effective Service from Day One

Brand: Heartbeat Academy
Product Code: 145

Price: $12.95

Short Description
This recorded webinar offers a strategy for effective board onboarding.

Description
Research shows that successful integration of new personnel in any organization starts with strategic and timely onboarding. Failure to cast vision, familiarize your Board with your ministry's history, educate about the pregnancy center movement, or relay expectations up front will cripple your Board's leadership long term. Plan for your Board members to serve and steward your ministry effectively by reviewing key strategies and content for successful onboarding.
