Product Code: 10GOVWELL3.0

Price: $44.00

Short Description
Governing Essentials™ helps new and seasoned board members move your center to the next level of effectiveness by connecting — or reconnecting — with effective qualities in six key areas: Goals, Ownership, Values, Effect, Regulate, and Nurture.

Description
The combination of two virtues that energizes board members is made up of a passion for the center's vision and the heart of a servant-leader. *Governing Essentials*™ helps new and seasoned board members move your center to the next level of effectiveness by connecting — or reconnecting — with these qualities as expressed in six key areas: Goals, Ownership, Values, Effect, Regulate, and Nurture. The manual includes sample org charts, job descriptions, calendars, financial reports, vision and mission statements, and more!

Your board will value the *Governing Essentials* manual for its clear, practical, and spiritually uplifting insight into how different boards lead their organizations. This manual helps guide board members toward a common vision and toward a consensus of expectations, so that they can focus resources on their common mission.

Governing Essentials also supports the spiritual growth of board members who lead by radiating our Christ-based vision of a bright future to everyone touched by the organization. Center directors tell us that they and their board members not only read this manual, they study it, and keep it on hand as a ready reference.
