

Progesterone Safety

Brand: Heartbeat Academy
Product Code: 13

Price: \$19.95

Short Description

This course offers continuing education contact hours for nurses. Provider approved by the California Board of Registered Nursing, Provider Number CEP 16061 for 1.0 contact hours.

Description

Whether you work in a Pregnancy Help Organization or other Medical Clinic, this training will assist you in understanding the purpose of progesterone in pregnancy and what happens when levels are not optimal or artificially inhibited. We will also explore "off-label" use, the safety of prescribing bio-identical progesterone, and the difference between synthetic progestin and progesterone. Also, attendees will also learn how progesterone successfully reverses chemical abortion with a 64-68% success rate.

Objectives

- Identify the purpose of progesterone in pregnancy.
- Discuss what happens when progesterone levels are inhibited.

- Discuss the safety of bio-identical progesterone.
- Identify differences between synthetic progestin and progesterone.
