Short Description

The Commitment of Care and Competence serves as the ethical code of practice for pregnancy help organizations. As the moral compass that guides how we conduct ourselves at every level of the organization, how often do we think about what the Commitment of Care and Competence (CCC) means for our daily interactions, or even what it actually says?

This course will not only cover what the CCC says and what it means, but will go through how it is meant to influence the work being done daily in your Pregnancy Help Organization. This course is approximately one (1) hour and includes a quiz. Both the training and quiz must be completed to earn a completion certificate.

Because Heartbeat views this information as vital for all Pregnancy Help staff, this course is complimentary for Heartbeat Affiliates.
