Short Description

1 hr webinar presented by Greg Mayo, Support After Abortion

Description

Greg Mayo, Men's Healing Strategist and award-winning author, will present his recently published white paper on Support After Abortion's research on the long-term negative impact of abortion on men. He will discuss key findings, the role of men in abortion decisions, the effect of abortion on men, grief and emotional invalidation, healing options, challenges to men's healing, and moving forward to fill gaps in caring for men hurting from abortion experiences. Greg will also share his personal story of lost fatherhood and the transformational change that after-abortion healing brings to the individual, relationships, parenting, and communities.
