Description

In my 20 years serving at a PRC, I'm not sure I have ever met a PRC staff member who wasn't exhausted. I thought weariness was just the price you pay for this type of ministry, but what the Lord taught me during my 3-month sabbatical was that I had been doing it all wrong. There truly is a way to prioritize balance and implement a cadence of rest for your organization...and by the way, it is what Jesus EXPECTS us to do!
