Product Code: 997

Price: \$14.95

Short Description

Presented by Brooke Myrick

Provider approved by the California Board of Registered Nursing, Provider Number CEP 16061 for 1.00 contact hour.

Description

Through the use of the pregnancy sustaining hormone Progesterone and the Abortion Pill Reversal protocol, we have a treatment that enables women to rescue their children from the tragedy of chemical abortion. This webinar will provide the tools, information and encouragement needed to understand the reality of chemical abortion today and how to become part of the Abortion Pill Rescue Network to effectively assist women who have initiated a chemical abortion and are now experiencing regret. With compassion, non-judgmental care and demonstrating Christ's love, we can better reach women and enable them to choose life.
