Brand: Heartbeat Academy
Product Code: 1044

Price: \$9.95

Short Description

1 hour webinar. Presented by Gina Tomes of Maternity Home Consulting

Description

Presented by Gina Tomes of Maternity Home Consulting

Join us for an in-depth discussion on aftercare programming and services for Maternity Homes. Over the past decade, maternity housing providers have reported the need for a continuation of services and programming for the women and children we serve. After transitioning into the community, and as our culture continues to change and present challenges and barriers, it is critical to be prepared to serve our courageous mothers and children.

In this webinar, we will address the timing of when to launch an aftercare program, what a structured and strategic aftercare model looks like, capacity and community-based services, as well as your "why" and the need for an aftercare program.
