**Brand:** Heartbeat Academy  
**Product Code:** 1143

**Price:** \$14.95

## **Short Description**

We all have biases in life, based on our own experiences, upbringing, and exposure to various manners of thinking. We shouldn't be expected to be bias-free, but we CAN become more aware of how our biases can influence us as pro-life advocates and then learn to "leave them at the door" when they limit our effectiveness in reaching clients from various backgrounds and perspectives.
