

Understanding and Improving Case Management

Brand: Heartbeat Academy
Product Code: 1118

Price: \$14.95

Short Description

As Pregnancy Help Organizations are considering and beginning to hire more social service staff, it is essential to equip staff to understand how a client moves through the stages of case management. Assessment, Service Plans, Resources, Evaluation and On-Going Relationship and Follow-Up, will ensure that the needs of the client are being met, and help strengthen client services and the desired outcomes of your center.

Presented by Christie Mac Segars
