Description

Adoption is often misunderstood—and rarely considered—by women facing unexpected pregnancies. Many believe it means giving up or losing control, when in reality, it can be a life-giving choice filled with hope.

Join us for this recorded webinar introducing the Stand For Life and Lifeline Children's Services Adoption Counseling Course. Heartbeat is providing Life Affirming Specialist credit for this course. This webinar introduces the online training which is designed to help you confidently and compassionately present adoption as a meaningful option.

During this session, you'll:

Learn how the course works and what it includes

Explore the online platform and registration process

Hear how the training can be applied in real-life conversations

Get answers to FAQs from a course facilitator

Whether serving in a pregnancy help center, maternity home, church, or community, this course will equip you to speak with clarity, care, and confidence.
