Strategic Planning, Simplified

Brand:
Product Code: 1576

Price: $9.95

Short Description
1 hour recorded webinar presented by Heather Isaac.

Description
Strategic planning doesn't have to mean months of process and a plan that ends up on a shelf. This session breaks down the key components of a usable plan, how to build in the follow-through that gets it implemented, and what you need to have in place before you start—so you leave with a clear path to a plan you'll actually use.
