Description

As we head into an election year, a key way everyone on your team including staff, volunteers, donors, and supporters can make a difference is simply to vote. It seems simple enough but to vote, we need to be registered, and it's surprising how many people who are serving the Lord day by day are, nevertheless, not registered to vote. Some pro-life organizations that have run their lists against voter files find that nearly half of their supporters are not registered.

We have an opportunity to change that.

In this webinar you'll join Fr. Frank Pavone as he shares how voting is actually part of loving God and neighbor, and learn more about how your organization can support and promote voting registration activities.
