Short Description
Custom courses through Heartbeat Academy are the perfect way to make online training accessible to your center.

Description
Exclusive to affiliates, Heartbeat International Academy provides the opportunity for you to take our online training materials and bring them to your staff members volunteers in your own personalized style and format with our private course option. In this option, you take control of your staff member's online training by controlling enrollment, tracking progress, customizing training, and monitoring their activity.

Priced as an annual plan, this option is ideal for:

- Centers interested in exploring new models for training that combine online and onsite training components.
- Staff and volunteers who are consistently too busy to devote entire days to training or prefer the convenience of accessing training 24/7.
- Centers who may have an annual or semi-annual all day training, but have volunteers ready to commit throughout year.

Terms and Conditions
By using this program or product you agree to the applicable terms and conditions of use. Because you are purchasing a customized product, designed at your request to your specifications, for your center’s use, you own this product as it has been delivered to you for the duration of the subscription.
